

Most Children are Covered for Vision Services

Insurance Basics:

Vision services for most children are covered under their health care insurance plan.

The services include:

- screening by a physician
- a full eye exam by an eye doctor
- glasses or other treatment if needed

No Insurance?

You can apply for AHCCCS, Arizona's Medicaid agency that offers health care programs.

To apply, call: 855.432.7587

Need financial help?
